

## SHIPPING & CHANDLERY

Established in 1980, the Group's Shipping arm has a diversified fleet of 150 vessels available for charter worldwide.

## SHIPPING & CHARTERS

As a leading vessel operator, we are principally engaged in serving the offshore oil and gas, and marine construction sectors. Our extensive fleet of offshore support vessels currently serve customers from the Middle East, Europe, Australia and China.

### Our fleet includes:

- General Cargo Vessels
- Supply Vessels
- Hopper Barges
- Dumb Barges
- Anchor Handling Tugs
- Towing Tugs
- Tank Barges

### Our various vessels cater to a range of industries:

- Timber and logs
- Dredging
- Rocks and boulders
- Coal
- Offshore
- Sand and granite
- Oil

## MODERN & EXTENSIVE

Our technical and operations support team ensure that our fleet is maintained to minimise any vessel down time. Fleet utilisation is consistently above 85%.

Supported through our shipbuilding yards we are able to adopt a renewal programme to ensure the fleet is constantly upgraded to include new and more technically advanced vessels. With our own repair facilities, breakdowns are dealt with promptly and professionally.

## CHANDLERY

In addition to standard ship chandlery services, providing food, supplies and ship maintenance supplies 24 hours a day, 7 days a week, we also support immigration and visa processing between Singapore and Batam.
