Drydocks World- Dubai Facilities
(Yard Site- 200 hectares)

**YARD CAPACITY**
- Dock No. 1: 366 X 66 M
- Dock No. 2: 521 X 100 M
- Dock No. 3: 411 X 80 M
- Floating Dock: 205 X 34 M
- Berths: 3,700M Long
- Water Depth: 11.5M Deep

**NEW BUILDING FACILITIES**
- Steel Fabrication Capacity: 2500 tonnes/month
- Hydro-Lift (float Out) Facility: 120 metres X 60 metres
- 2X2 Transporters: 400 tonnes maximum capacity
- Grand Assembly Area: 16,500 sqm
- Panel Assembly Area: 14,400 sqm

**HEAVY LOAD AIR-SLIDE TRANSFER SYSTEM**
- Maximum weight of vessel/offshore structure that can be transferred: 8,280 tonnes

**SAND SUCTION DREDGER**
- Dimensions: 21m X 15m X 0.3m
- Hopper Capacity: sand 21m³ - 250m³

**HEAVY DUTY ROLLING MACHINE**
- Plate thickness: 115mm, minimum diameter of rolled plate is 900mm and length: 3050mm

**MANDREL PIPE BENDING MACHINE**
- Round Tubing: Mild Steel Dia 168mm X 1mm Thickness
- Round Tubing: Stainless Steel Dia 168mm X 7.1mm Thickness
- Equipped with standard CNC control

**WORKSHOPS**
- **Steel Shop**
  - Covered area: 15,650sqm
  - Open welding planes fabrication area: 9933sqm
  - Fabrication Capacity: 2000 tonnes/month
- **Mechanical Shop**
  - Covered area: 12,788sqm
  - Equipped with the world’s largest ram borer, a 20m shaft lathe, a 20tonne balancing machine & a sophisticated modern milling machine

**EQUIPMENT**
- **Floating Crane**
  - Capacity: 2000 tonnes
- **Gantry Crane**
  - Capacity: 300 tonnes
- **Kone Crane**
  - Capacity: 300 tonnes
- **Crawler Cranes**
  - Max. lifting capacity: 280 tonnes
- **Rail Cranes**
  - Max. lifting capacity: 120 tonnes
- **Overhead Cranes**
  - Max. lifting capacity: 100 tonnes
- **Mobile Cranes**
  - Max. lifting capacity: 100 tonnes

**WAREHOUSE**
- **Warehouse (Covered)**
  - Area: 5,400 sq.m.
- **Climate Controlled Storage Area**
  - Area: 1,500 sq.m.
- **Open Storage Area**
  - Area: 42,000 sq.m.
